## Playaways debut at Willard Library

Submitted by Willard Library

Haven't tried an MP3 player yet but like to listen to audio books? PLAYAWAYS are perfect for you!!

Playaways are the simplest way to listen to an audio book on the go. Playaways are small devices (smaller even than most wallets) that come with an audio book already stored on them. Simply plug in your own favorite headphones or earbuds and listen to your audiobook anywhere — lounging on the couch, walking, gardening, exercising. With an inexpensive FM transmitter, you can even listen to your Playaway in the car. Every Playaway comes with instructions for operation, so you're never stuck without help.

Special functions of Playaway are:

- you may adjust the speed of the narrator's voice
- works with most headphones, speakers and car adapters
- it remembers where you stopped

According to Leah Dodd, Media Librarian, "Playaways are great because you can carry an entire audiobook in your pocket. I like that they're tiny, and I like not having to fuss around with changing CDs when I'm on the go. If you think that you might like the portability of an MP3 player but aren't ready to buy one just yet, Playaways are a good alternative."

In fact, Leah has been known to listen to audiobooks while in the grocery store! She says: "Playaways are a great companion for walking up and down the aisles."

As always, all items at Willard Library are free to check out. These new Playaways are located by the Media Desk on the second floor. Patrons may borrow two (2) Playaways at a time for a four-week loan.

Willard Library — always providing info to go!

Librarian Leah Dodd relaxes with a Playaway, and as you can see, it's smaller than her hand. Now, you can enjoy these tiny listening devices at Willard Library.

The following titles can be found on Playaway:
